Your registration fee for Regionals covers your entry for state.

Remember that state qualifications are:

Projects: Top three teams in each region will qualify for state. If there are fewer than 3 projects in a region, projects from other regions will be invited to fill those spots.

Team Problem: The first place varsity team in the division, the top 10% of the varsity teams from the region by division, and those varsity teams that meet or exceed the benchmark score. The benchmark score for the division I schools **was lowered to 19.3** and for division II schools **it was lowered to 17**.

Topical Team: The first place team in the division, the top 10% of the teams from the region by division, and those teams that meet or exceed the benchmark score. The benchmark score for the division I schools **was lowered to 80** and for division II schools **it was lowered to 70**.

Topical Individual: The first place individual, the top 10% of the individuals from the region, those individuals that meet or exceed the benchmark score **which was lowered to 65**, and those individuals that are recognized as Distinguished in their region.

Knowdown: Top three individuals from each region. If one of the top three from the region is not able to go to state, then the regional director may substitute the next highest player.

All State Invitees are listed below. If you suspect an error, please contact Jim Miller by email: millerion@cleelum.com. Also let him if you school plans on attending. I don't need to know about substitutions before onsite registration.

Three additional notes:

- **Please read the rules for substitution for state.**
- **There will be ad hoc Team Problem Teams at state. Check the rules.**
- **Projects are due in triplicate to Jim Miller postmarked by April 8th. Project may be edited.**
