

# Result from State 2009 Washington State Math Council High School Contest

## The Results are In

This is the results for State 2009! I am still missing one name in the Ad Hoc Team Problem.

I hope all of you had as much fun as I did working with you and your students. Again, this would not be possible without all of your help. I believe that this contest provides a unique mathematical opportunity for your students and you. I always appreciate your comments and will take your input. We at WSMC are always looking for ways to improve and serve you better.

Congratulations to all of you and your students. I hope to see all of you again, next year.

Jim Miller
