

State Qualifiers in WSMC's High School Mathematics Contest

404 students from 33 high schools participated in the 12th year of the modified High school contest. North Western Washington had the greatest participation with nine schools from region five and nearly one hundred students. Once again the numbers have fallen slightly. We believe there is a relationship between the date change that has been caused by the WASL window and the ever evolving state standards that place stress on potential advisors/coaches. We would welcome your comments as to what you feel are the causes.

Be that as it may, we would like to congratulate this year's state qualifiers. All Knowdown placers and alternates have qualified for state participation. Even though there was a good deal of enthusiasm for this year's Project Problem expressed by the participating team members and coaches, there were only \$ projects that made it to Regionals so all have qualified for state.

With the Change in Division I classification, the number of teams in division II significantly dropped and so did the qualifying benchmark score for state. Division I was 18 and Division II was 12. In the Topical Team, Division I benchmark score was 94 and Division II was 54. The individual benchmark is 50.

This year State will again be at Eisenhower High School in Yakima on April 26, 2008. Registration will begin at 8:30. See you there.

Schedule:

8:30 Registration

9:30 Orientation

9:50 Team Problem

11:00 Topical Problems

12:20 Projects

~1:30 Knowdown

~2:30 Awards and Coach's packets
