

# State Qualifiers from March 9, 2011 Regional Results

Coaches and Regional Directors,

I have finished compiling the results that have been submitted on the state score sheets.

First, I would like to thank all of you for making this contest happen. It is your voluntary service and dedication to math education and your students that make this fun contest to continue to happen. Second, most regions have shown an increase in numbers: both schools and students. Consequently, I have several awards and certificates to get distributed. That is in the works.

Knowdown: At state, if there is a no-show for one of the top three in a region, the alternate, if there will be asked to step in.

Team Projects: I thought there were five but I have results for only four. All are invited to state. Check the project website for state submittal.

Team Problem: The criterion for state invite is: first place, top ten percent of the teams in the region, and meeting or exceeding a benchmark score. This year those were lowered some. Division I is 21 and Division II is 16.

Topical Team Problems: The criterion for state invite is: first place, top ten percent of the teams in the region, and meeting or exceeding a benchmark score. This year those were lowered some. Division I is 93 and Division II is 66.

Topical Individuals: If you were first, second, third, or were a distinguished awardee, you are invited to state. Others that met the benchmark of: SR/JR 60, SO/FR 55 are also invited.

Please look for any errors, missing names, etc and forward them to me: Jim Miller [millerion@cleelum.com](mailto:millerion@cleelum.com).

You don't need to let me know about the substitutions you might need to make according to the rules (see website) but if your school can't attend state on April 16<sup>th</sup> at Eisenhower HS, Yakima, it would be nice to know.

## **State Schedule:**

- 8:30 Registration
- 9:30 Orientation
- 9:45 Team Problem
- 11:00 Topical Problems
- 12:30 Projects
- ~1:30 Knowdown
- ~2:30 Awards and Coach's packets
