THE NEW PLUS AND MINUS GAME

Rules:

1. Players decide who will be Player 1 and who will be Player 2. Each person rolls a die at the same time

- If Player 1 gets the higher number, he or she adds the two numbers on the dice and takes the score.
- If Player 2 rolls the higher number, he or she subtracts it to find the difference between the two numbers on the dice and takes that score.
- If both roll the same number, Player 2 adds the total to his or her total.

2. After rolling the dice 10 times, total your scores to see who won.

3. Decide if this is a fair or unfair game.
